EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael T. Raggio on August 9, 2005.

The application has been amended as follows:

In claim 2, line 4, "or" has been changed to --of--.

In claim 2, line 7, "of" (second occurrence) has been deleted.

In claim 2, line 12, "substantially" has been deleted.

In claim 3, line 4, "or" has been changed to --of--.

In claim 3, line 7, "of" (second occurrence) has been deleted.

2. The following is an examiner's statement of reasons for allowance:

The patent to Norfleet (U.S. Pat. No. 2,724,917) discloses an advertising assembly for mounting on an exterior of a trailer and having two panels and a plurality of spacers. However, on column 3, lines 52-60, Norfleet states, "By virtue of the different lengths of flanges 76 and 78 of the spacer members 72, each section of the frame 20 will be disposed in angular relation to its corresponding door 12 or 14. Thus, any glare that may be reflected by the sign portions 64 disposed in the frame 20 by oncoming head lights will be reflected to either side of the vehicle thereby eliminating glare reflecting into the eyes of the driver of the vehicle."

Art Unit: 3611

Thus, Norfleet teaches that it is important to angle the panels with respect to one another. In contrast, claim 2 of the instant application requires that the panels be aligned in the same plane. It would be impossible to modify Norfleet to meet this limitation without destroying the function intended by Norfleet.

In the above amendment, the word “substantially” was removed in order to make clear that the panels are aligned in the same plane.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
